

# Pharmacotherapy Lecture Series (July 2023 - June 2024)

## Pharmacotherapy Lecture Series (July 2023 - June 2024) - 4/23/2024

### Error! Unknown op code for conditional. Pharmacist Objectives

- 1 Describe the role and proposed mechanisms of neurostimulants in the management of TBI and CVA.
- 2 Utilize the American Academy of Neurology guidelines to make a recommendation regarding the use of neurostimulants in patients with brain injury.
- 3 List specific neurostimulants that have data supporting their use in varying types of brain injuries.
- 4 Explain the role of dual neurostimulant therapy for patients in the neurosensory ICU.

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Thomas Jefferson University is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

**Pharmacists:** This knowledge-based continuing education activity is designated for 1.00 contact hour(s) of continuing education credit. JA# 390174

Credits will be uploaded to CPE Monitor within 60 days following the completion of this activity.

This statement contains information provided to NABP from the Accreditation Council for Pharmacy Education (ACPE) via CPE Monitor®. ACPE policy states paper and/or electronic statements of credit may no longer be distributed directly to learners as proof of ACPE credit. The official record of credit may be located in the learner's e-profile in CPE Monitor®.

**PA Patient Safety and Risk Credit:** The educational activity offers 1.00 PA Patient Safety and Risk Credit(s).
