

Neurosurgery Peer Review Conference (July 2025-June 2026)

Neurosurgery Peer Review Conference (July 2025-June 2026) - 9/25/2025

Neurosurgery Peer Review Conference is a monthly educational meeting designed to review adverse clinical outcomes, complications, and near-miss events.

Its primary goals are to promote continuous learning, improve patient safety, and foster a culture of transparency and accountability. Through structured case presentations and discussion, participants analyze contributing factors, identify system-based improvements, and reinforce best practices in clinical care. The conference supports quality improvement and professional development across all levels of medical training and practice.
