Pulmonary Combined Conferences (2026-2027)

Pulmonary Combined Conferences (2026-2027) - 11/3/2026

The Pulmonary Combined Lectures is designed to build on our knowledge base, increase awareness of respiratory complications and improve our future competence and performance.

Through Peer discussion, the lectures will allow for fellows education, while helping to identify and treat common causes of morbidity and mortality associated with respiratory and critically ill patients. Our goal is to identify the factors that can be improved on and/or changed in an attempt to reduce future complications and deaths amongst these type patients.

From an educational standpoint, the learners are asked questions during the conference to determine their level of understanding of many common pulmonary and critical care medicine principles and reinforce practices that minimize medical errors and adverse patient events. This series will also facilitate physician and other healthcare professional performance beyond their basic competency, assist participants in effectively evaluating their own educational goals.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, Thomas Jefferson University is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians: This educational activity is designated for a maximum of 1.00 *AMA PRA Category 1 Credit(s)*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
