ID Grand Rounds (2026-2027)
Changing the landscape of MDRO Prevention - 11/20/2026

The ID Grand Rounds program brings together infectious diseases faculty from regional institutions to share current research, quality improvement initiatives, clinical innovations, and emerging developments in the field.

Through invited presentations and discussion, participants have the opportunity to learn from colleagues' experiences, exchange best practices, and explore approaches to advancing patient care, education, and scholarship. By creating regular opportunities for cross-institutional engagement, the program supports the dissemination of new knowledge and fosters collaboration around shared clinical and academic interests.

Objective(s):
Location: Jefferson Tower 1101 Market Street
Specialties: Infectious Diseases

Faculty Disclosures:
John Mills, MD (Paid consultant-2nd MD - 11/02/2026)
